We want to thank you all for your continued generous donations this last year. With your help, we were able to replace our old 2-wheel drive Quick Response Service (QRS) Unit with a new Ford F-250 Crew Cab 4x4 pickup having a Reading body. It has the ability to transport 5 personnel, has ample compartments for EMS equipment and a slide out tray for the backboards. In addition to QRS medical calls it will also support the fire company for non-EMS incidents.

We also provide tours of the fire station to groups in the community. The local Cub Scout pack and Girl Scout troop have been able to take these tours and receive a fire safety presentation.

The four functions in our company are:

**Firefighters:** Structure, brush, and vehicle fires; vehicle accidents, HAZMAT, rescues, searches.

**QRS:** Medical emergencies, vehicle accidents, many times at scene prior to the ambulance.

**Fire Police:** Assist with traffic control and scene safety so firefighters can focus on the emergency.

**Ladies Auxiliary:** Support the fire company behind the scene with fund raising activities; which is greatly appreciated.

This year our annual fundraising activities include the Mother's Day meal, Chicken BBQs, the carnival, and the Holiday Bazaar.

The volunteers in the fire company help with many activities from emergencies to fundraising events. There is a place for everyone to serve.

Many times the services provided by the fire company are realized in times of emergencies. As a volunteer fire company the man-power varies during the hours of the day, days of the week, and seasons of the year. We invite you as part of our community to consider providing your time to helping us serve.

If you would like to learn more on what we do, contact us at 632-7011. Maybe after you see what we do and why we need the communities support, you will want to become a volunteer too.

We look forward to your continued support and donations to our community fire company.

Have a safe year!!!
